Newsletter: Summer 2023

Welcome to our latest newsletter with updates on our projects.

AEDU Sri Lanka

The map below shows all the Sri Lankan AEDU organisations with the number of children educated in each district as of May 2023. We are pleased to announce that we are now supporting 50 children in Vavuniya. AEDU Vavuniya was formed in February with help from the Vice-Chancellor of the University of Vavuniya.

Health Care Assistant (HCA) Training Programme

The 9 students we are supporting on the Health Care Assistant (HCA) training programme have successfully gained 3 month training placements at a hospital in Kalmunai.

This is a joint venture with our sister charity organisation ADVRO. They are supporting 10 other school leavers from their side.

Completion of the training course will enable the students to gain recognised accreditation, opportunities for employment and prospects for further training as nurses and midwives.

HCA students on a break in between classes

Photos from AEDU Sri Lanka

A group of AEDU UK trustees went to Sri Lanka in February to visit the AEDU committees, volunteers and children at each of the AEDU locations. This was to monitor progress, discuss future needs and to ensure current support provided was being managed and directed properly. The UK trustees paid for all their own travel and expenses themselves, no AEDU UK funds were used.

A selection of photos from this trip are below:
